GentleCure by SkinCure Oncology Patient Satisfaction

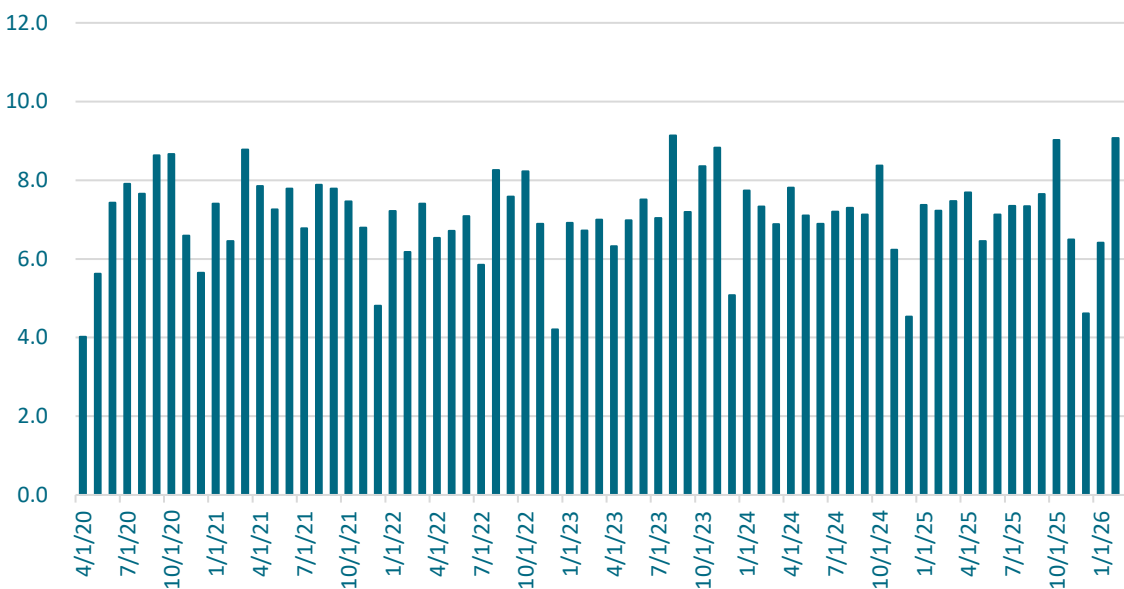

Updated: April 2026

Since April 2020, GentleCure by SkinCure Oncology has been surveying patients on completion of treatment. We're fast approaching 35,000 patients surveyed.

Since the survey's inception, we have averaged a 26% response rate. In the first quarter of 2026, we've averaged a 30% response rate.

Avg # Responses per Practice

In March of 2026, we averaged 10 responses per practice partner location, an all-time high.

MONITORING PATIENT INTERACTION WITH OUR RADIATION THERAPISTS (RTTs)

	4 Stars	3 or 4 Stars
My RTT was polite	99.5%	99.9%
My RTT was professional	99.6%	99.9%
My RTT communicated effectively	99.3%	99.9%
I was satisfied with the outcome	97.9%	99.9%

99.9%

I was happy with my decision to treat with Image Guided SRT.

99.8%

I would recommend Image Guided SRT to others.

ABOUT THIS SURVEY

In April 2020, dermatology practices offering GentleCure Image-Guided SRT began surveying their patients post-treatment. Results above reflect survey responses through April 2026. Questions about the survey should be addressed to: aLefton@SkinCureOncology.com.
